Subject: RE: Question

Hi Ken

I work for CDC/ATSDR so it is CDC/ATSDR's Office of Communications that I coordinate with for media interview requests, not EPA public affairs. I am sorry for any confusion. CDC/ATSDR's Office of Communications has your request to interview me and will respond to you.

Best, Lora

Lora Siegmann Werner, MPH
Regional Director, Region 3
Division of Community Health Investigations
Agency for Toxic Substances & Disease Registry (ATSDR)/Centers for Disease Control & Prevention
c/o EPA Region 3

Subject: RE: Question

Terri,

Could you give me EPA's definition of "shortly"? Because as mentioned, I inquired about the community meeting issue a week ago -- do you consider this an adequate response by your office?

And just to loop Lora Werner in on this discussion, as I mentioned previously to Larry Reynolds at EPA HQ, Ms. Werner indicated to me on Feb. 3 that she would only be able to speak with me if EPA public affairs approved that discussion -- have that been approved or not?

Thanks, Ken.

Ken,

We will be getting back to you shortly on the question about community meetings. Yesterday, I referred your other question about speaking to Lora Werner directly to her. She or someone else from ATSDR will contact you.

Subject: FW: Question

Forwarding this again ... one of these questions was submitted a week ago, while the other was submitted nearly a week ago. When might I expect a response from EPA?

Subject: FW: Question

Circling back again on this question, which I submitted last Wednesday.

Also: I would like to set up an interview with Lora Werner of region 3 EPA's ATSDR unit, to discuss her involvement in reviewing and assisting with the screening level for MCHM here in West Virginia. Please advise when she would be available to talk with me. Thanks.

Subject: Question

Bonnie,

I'm curious why EPA is holding "community briefings" in North Carolina related to the coal-ash spill, but never did that here in WV related to the chemical spill.

Thanks, Ken.
